**HOTEL**

The reduced conference rate at The Bellevue Hotel (Broad and Walnut Street) is $249 for a standard room, single/double occupancy, plus applicable taxes.

Please contact the hotel directly at 800-233-1234 or 888-421-1442. Please refer to the 27th Annual Pennsylvania Hospital Vascular Symposium Policies in order to receive this rate. This rate will be available until April 3, 2019, and after this date, on a space available basis at current rates.

**ACCREDITATION STATEMENT**

Albert Einstein College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**CREDIT DESIGNATION**

Albert Einstein College of Medicine designates this live activity for a maximum of 13 AMA PRA Category 1 credit™. Physicians should only claim credit commensurate with the extent of their participation in this activity.

**CURRICULAR GOALS AND OBJECTIVES**

- Analyze situations that drug coated balloons and stents are best to treat acute Type B dissection.
- Identify the best criteria to treat chronic lower extremity occlusive disease.
- Identify the role of TCAR in treating carotid disease.
MORNING SESSION I

Management of Aortic Disease in 2019
Moderators: Drs. Samuel R. Money & Eric T. Chai

08:40 Type 2 endoleaks: My crystal ball can predict when and how to treat them. Rose Milnar, MD

08:50 Is perivisceral endarterectomy a lost art? Indications and role for doing it. Thomas C. Bower, MD

09:00 New ascending aortic stent graft. Alan B. Lumsden, MD

09:10 Aortic arch repair: Collaboration brings success. William D. Jordan, MD

09:30 Case presentations

10:00 Coffee Break

MORNING SESSION II

Management of Aortic Disease in 2019 (Part II)
Moderators: Drs. Grace J. Wang & Daniel McDevitt

10:30 Decreasing the risk of paraplegia of complex endovascular aortic repair. Timur Sarac, MD

10:40 Early Feasibility Study of the GORE® EXCLUDER® Thoracoabdominal Branched Endoprosthesis (TABEME). Mark A. Farber, MD

10:50 Treatment of Type B aortic dissections in 2019. Richard Cambria, MD

11:00 Tips and tricks on retroperitoneal exposure for open para visceral aortic reconstructions. R. Clement Darling, III, MD

11:10 Case presentations

12:00 Lunch – Conservatory 12th floor

AFTERNOON SESSION I

Updates on Lower Extremity Revascularization in 2019
Moderators: Drs. Matthew J. Dougherty & Joseph V. Lombardi

13:00 Should vascular surgeons embrace percutaneous interventions for common femoral artery occlusive disease? Are we losing out to cardiologists? Linda M. Harris, MD

13:10 Balancing morbidity, durability and cost in treating PAD. Kim J. Hodgson, MD

13:30 Physical and emotional wellness in vascular surgery. Samuel R. Money, MD

13:40 Case presentations

14:30 Coffee Break

AFTERNOON SESSION II

Diagnosis and Management of Carotid Disease and Other Issues in 2019
Moderators: Drs. Douglas A. Troutman & Paul J. DiMuzio

15:00 Tips to avoid a malpractice suit—point of view of a lawyer who is a vascular surgeon. William Brown MD

15:10 Duplex evaluation of AV fistulas and grafts: When should we be doing it and when do we get reimbursed for doing it? Larry A. Scher, MD

15:20 The role of TCAR in 2019. Richard P. Cambria MD

15:30 Why carotid guidelines are often biased or misleading in 2019. Frank J. Veith, MD

15:40 Case presentations

16:30 Adjourn

SATURDAY, APRIL 27, 2019

08:00 Registration & Breakfast – Rose Garden 19th floor

MORNING SESSION I

My Worst Case with a Bad Outcome – They happen to me too

Moderators: Drs. Leonard Galler & Danielle Pineda

08:30 Samuel R. Money, MD

09:00 Timur Sarac, MD

09:30 Mark A. Farber, MD

10:00 Coffee Break

MORNING SESSION II

Updates on Venous Disease and AV Access in 2019
Moderators: Drs. Alan M. Dietzek & Ali Amin

10:30 Saphenous ablation: Which method is best in 2019? Kellen Dillavou, MD

10:40 Saphenous ablation: Why am I seeing so many unnecessary procedures? Clifford M. Sales, MD

10:50 New approaches to treat nutcracker syndrome in 2019 (and what is it?). Cynthia K. Shortell, MD

11:00 New lessons learned from a large experience with iliac vein stenting. barrio Ascher, MD

11:10 Strategies for dialysis access in challenging patient populations. Larry A. Scher, MD

11:10 Case presentations

12:00 Lunch • For those registered to attend Non Invasive Vascular Lab

VENOUS SESSION

16:45 Tips for completing a great venous reflux study. William DaValle, RVT, RDMS

17:00 Assessment of iliac and pelvic veins. Stephanie Wilson, BS, RVT, FSVU

17:15 Case Presentations

17:30 Concluding Remarks

PENNYSYLVANIA HOSPITAL/NAVIX – NON INVASIVE VASCULAR LAB SYMPOSIUM

13:00 Introduction • Keith D. Calligaro, MD

Moderators: Drs. Clifford M. Sales & Matthew J. Dougherty

13:05 The challenges of managing a non-invasive vascular laboratory. Clifford M. Sales, MD

13:15 Diagnosis and Management of May-Thurner Syndrome Alan M. Dietzek, MD

13:35 Current status of the SVS Vascular Center certification program. Antonio N. Sidawy, MD

13:35 Duplex evaluation of AV fistulas and grafts: When should we be doing it and when do we get reimbursed for doing it? Larry A. Scher, MD

13:45 Case Presentations

13:45 Challenging cases for the vascular surgeon and vascular laboratory technologist. Keith D. Calligaro, MD

14:30 Coffee Break

PERIPHERAL VASCULAR SESSION

Moderators: George Berdejo, RA, RVT, FSVU & Joseph F. Hughes, RVT, RVS, FSVU

15:00 Arterial doppler: Past, present, and future. Tish Poo, RA, RVT, FSVU

15:15 Venous doppler: What we need to understand. Stephanie Wilson, RDMS, RVT, FSVU

15:30 Cardiac influence on peripheral waveforms. Rick Dubin, AAP-DMS, RVT, RDMS

15:45 Case Presentations

15:45 Challenging peripheral cases – paying attention to the waveforms. William DaValle, RVT

CAROTID SESSION

16:00 Development and use of carotid criteria. Tish Poo, RA, RVT, FSVU

16:15 Vertebrobasilar artery assessment. Joseph F. Hughes, RVT, RVS, FSVU

16:30 Case Presentations

16:30 Challenging carotid cases. George Berdejo, RA, RVT, FSVU

VENOUS SESSION

16:45 Tips for completing a great venous reflux study. William DaValle, RVT, RDMS

17:00 Assessment of iliac and pelvic veins. Stephanie Wilson, BS, RVT, FSVU

17:15 Case Presentations

17:30 Challenging venous cases... Joanne Sul, RVT

17:30 Concluding Remarks
